

Special Issue

Advanced Material and Design in Energy Storage

Message from the Guest Editors

This Special Issue is a platform for researchers, scientists, academics, industry professionals and relevant stakeholders to share their new research and development findings in this field in order to further elucidate its societal, environmental and academic impacts. We invite you to contribute a manuscript and review (invited only) to be considered for publication. Should you have any questions or require further information, please contact the editorial team.

Guest Editors

Dr. Mian Hammad Nazir

Faculty of Computing, Engineering and Science, University of South Wales, Cardiff, UK

Prof. Dr. Zulfiqar Ahmad Khan

NanoCorr, Energy & Modelling (NCEM) Research Group, Department of Design & Engineering, Bournemouth University, Dorset BH12 5BB, UK

Deadline for manuscript submissions

closed (30 April 2022)

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
