Special Issue

Applications in Electronics Pervading Industry, Environment and Society— Industrial Electronics and Cyber Physical Systems

Message from the Guest Editors

Authors of papers accepted at the conference are invited to submit a version extended of at least 50% of their contribution to the following areas (original contributions related to electronic systems and application in the following topic will be also considered for publication):

- Electronic systems and applications
- Smart, green, and integrated transportation
- Electronics for smart grids and renewable energy sources
- Electronics for secure, clean and efficient energy production, storage, management
- Digital technologies and Internet of Things
- Cyber physical systems
- Industry 4.0

Guest Editors

Prof. Dr. Sergio Saponara

Prof. Dr. Alessandro De Gloria

Prof. Dr. Riccardo Berta

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
