

## Special Issue

# Applications in Electronics Pervading Industry, Environment and Society— Industrial Electronics, Mechatronics and Cyber Physical Systems

### Message from the Guest Editors

The International Conference on Applications in Electronics Pervading Industry, Environment and Society (ApplePies 2020), <https://applepies.eu>, provided an opportunity for reciprocal meeting and knowledge on industrial and research activities for academicians, practitioners, and managers who operate in the field of electronic applications. The specific focus of this Special Issue will be on Mechatronics, Industrial Electronics and Cyber Physical Systems. Authors of papers accepted at the conference are invited to submit a version extended of at least 50% of their contribution to the following areas (**original contributions related to electronic systems and application in the following topic will be also considered for publication**):

- Electronic systems and applications
- Smart, green, and integrated transportation
- Electronics for smart grids and renewable energy sources
- Electronics for secure, clean, and efficient energy production, storage, and management
- Digital technologies and industrial Internet of Things
- Cyber physical systems
- Mechatronics and robotics
- Industry 4.0

### Guest Editors

Prof. Dr. Sergio Saponara

Prof. Dr. Alessandro De Gloria

Dr. Francesco Bellotti

Prof. Dr. Riccardo Berta

### Deadline for manuscript submissions

closed (30 September 2021)

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

---

### Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
