

Special Issue

Energy Transition and Energy Future: Bridging Insights into Renewable Energy and Environmental Sustainability

Message from the Guest Editors

This Special Issue, titled "Energy Transition and Energy Future: Bridging Insights into Renewable Energy and Environmental Sustainability", aspires to be a catalyst for interdisciplinary dialogue, fostering a deeper understanding of the multifaceted challenges and opportunities in this transformative journey. Keywords

- decarbonization
- resilient energy systems
- energy justice
- grid flexibility
- renewable integration
- energy transition planning
- inclusive sustainability
- carbon neutrality
- green technologies
- ecological footprint

Guest Editors

Dr. Sławomir Rabczak

Prof. Dr. Daniel Słysz

Dr. Krzysztof Nowak

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
