

## Special Issue

# Smart Cities and Positive Energy Districts: Urban Perspectives in 2022–2023

### Message from the Guest Editor

Since 2018, the EERA Joint Programme on Smart Cities has promoted and published the most promising papers on tools, technologies, and system integration for Smart Cities and Positive Energy Districts, thus positioning the EERA Joint Programme on Smart Cities as one of the strongest voices in this research area in Europe, capable of highlighting different points of view and solutions. The Horizon Europe thanks to Partnerships (DUT&CET), Mission Climate Neutral and Smart Cities, and New European Bauhaus, sets ambitious targets. According to this, our ambition for the upcoming fifth Special Issue is to collect and publish papers, review articles, technical notes, and letters on the following topics related to urban dimension: I. Positive Energy District; II. An exploration of 15-Minute Cities; III. Circular Urban Economies; IV. Urban systemic transformation towards climate neutrality; V. Green and digital challenges to transform urban lives for the better.

### Guest Editor

Dr. Paola Clerici Maestosi

ENEA—Italian National Agency for New Technologies, Energy and Sustainable Economic Development, Department Energy Technologies and Renewables TERIN-SEN Smart Energy Networks, 40127 Bologna, Italy

### Deadline for manuscript submissions

closed (31 December 2023)

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

---

### Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
