

## Special Issue

# Global Challenges in Energy Markets: Economics, Technology, and Policy

### Message from the Guest Editors

We would like to cordially invite you to submit your manuscripts to our Special Issue, entitled Challenges in Energy Markets in Poland: Economics, Technology, and Policy. The Polish economy faces numerous regulatory, technological, and economic challenges resulting from global trends towards low-emission economies, increasing prices of fossil fuels and EU emission allowances, increasing investment expenditures required for energy transition, higher share of intermittent technologies, energy and transport decarbonization, and developing new strategies and frameworks (e.g., for production of green hydrogen, fleet electrification, or energy storage). In this context, the Special Issue aims to collect original research or review articles on the current and future challenges in energy markets in Poland. In particular, we encourage you to submit papers on the following topics: Energy transition; Decarbonization; Energy policy; Energy market; Energy economics; Power systems; Electricity prices; Renewable energy sources; Energy storage; Hydrogen economy; Demand response; Energy management; electromobility; Fossil fuels; Hard coal market; Natural gas market; Oil market.

### Guest Editors

Dr. Aleksandra Komorowska

Mineral and Energy Economy Research Institute of the Polish Academy of Science, 31-261 Krakow, Poland

Prof. Dr. Jacek Kamiński

Mineral and Energy Economy Research Institute of the Polish Academy of Sciences, 31-261 Kraków, Poland

### Deadline for manuscript submissions

closed (10 November 2022)

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

### Editor-in-Chief

Prof. Dr. Enrico Sciubba  
Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
