

Special Issue

Petroleum Economics and Policy

Message from the Guest Editors

We invite you to submit papers to the Special Issue of the journal *Energies* entitled **Petroleum Economics and Policy**. This call for papers includes original research articles, comprehensive reviews, and well-documented case studies. The following topics are addressed:

- The impact of oil factor on the sustainable development of countries with resource-based economies.
- The role of oil factor in the formation of government policy and economic security of countries.
- Problems of petroleum resource depletion and depletion assessment.
- Development of the national oil corporations and their impact on macroeconomic indicators.
- Influence of oil factor on social policy and socio-economic development of countries.
- Industrial policy in the formation and development of the oil and gas sector.
- Innovation and investment policy in the oil sector.
- Mechanisms of interaction between national innovation systems and the oil and gas sector.
- Tax and budgetary policy in the oil sector.
- Mechanisms for the development of infrastructure in the oil sector.

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba
Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
