

## Special Issue

# Advanced ESS Operation to Support Grid Stability and Reliability

### Message from the Guest Editors

The main goal of this Special Issue is to pay special attention to advanced ESS operation to support grid stability and reliability. The topics of interest include but are not limited to:

- ESS operation for voltage regulation;
- ESS operation for frequency regulation;
- ESS operation for ramp-rate control service;
- ESS operation for phase balancing;
- ESS operation for contingency reserves;
- Any other ESS operations to support grid stability and reliability;
- Technoeconomic analysis of ESS operation to support grid stability and reliability.

---

### Guest Editors

Prof. Dr. Jaesung Jung

Department of Energy Systems Research, Ajou University, Suwon 16499, Gyeonggi-do, Korea

Prof. Dr. Byung O Kang

Department of Electrical Engineering, Dong-A University, Saha-gu, Busan 49315, Korea

---

### Deadline for manuscript submissions

closed (25 July 2022)

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

### Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
