

## Special Issue

# Green Hydrogen for Industries and Biorefineries

### Message from the Guest Editor

Papers addressing the below topics are invited to this Special Issue, especially those combining a high academic standard coupled with a practical focus on process integration between green hydrogen production and its utilization together with secondary streams and bioresources.

- green hydrogen
- biorefineries
- process integration
- techno-economic assessment
- CO<sub>2</sub> utilization
- bio-based product
- low-carbon strategies

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.
