

## Special Issue

# Advanced Grid Integration with Power Electronics

### Message from the Guest Editors

In this Special Issue, we invite novel high-quality research paper submissions that cover a wide range of topics and provide new insights for smart grids and power electronics technologies. Topics of interest of this Special Issue include, but are not limited to, the following:

- Power electronic systems—converters and emerging technologies;
- Devices' and converters' aging evaluation;
- Renewable energy integration in smart grids;
- Electric vehicles and their grid integration;
- Distribution power systems;
- Hierarchical coordination of smart grids;
- Demand and supply response and behavioral analysis;
- Prediction algorithms in power flow management;
- Utilization of distributed energy sources for power quality controls;
- Strategies for the control and protection for smart grids;
- Power quality, reliability, and resilience of smart grids;
- Modelling, simulation, and analytical approaches for smart grids.

---

### Guest Editors

Dr. King Man Siu

Department of Electrical Engineering, University of North Texas,  
Denton, TX, USA

Dr. Yunting Liu

Department of Electrical Engineering, The Pennsylvania State  
University, University Park, PA, USA

---

### Deadline for manuscript submissions

closed (30 March 2023)

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

---

### Editor-in-Chief

Prof. Dr. Enrico Sciubba  
Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
