Advancements in Power Transformers

Message from the Guest Editor

We invite original research articles, case studies, and high-quality review papers that explore recent developments in power transformer engineering. Both conventional (oil-immersed, dry-type) and advanced technologies (solid-state, hybrid, high-temperature, and digital transformers) are welcome.

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.
