

## Special Issue

# Progress and Challenges in Power and Smart Grid

### Message from the Guest Editor

The 6th International Conference on Power and Smart Grid (ICPSG 2023) will be held on July 21-23, 2023 in Chengdu, China, co-sponsored by the University of Electronic Science and Technology of China and Beijing CAS Industrial Energy and Environment Technology Institute (BIEET), hosted by the School of Mechanical and Electrical Engineering (UESTC, China). This ICPSG2023 Special Issue will cover a wide range of topics related to the generation, transmission, distribution, and consumption of electricity, as well as the technology and infrastructure that enables the integration of renewable energy sources, demand management, and other advanced capabilities.

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.
