

## Special Issue

# Strategic Management and Process Management in Energy Sector

### Message from the Guest Editors

The goal of the special issue on *Strategic Management and Process Management in Energy Sector* is seeking novel – both conceptual and empirical – works on strategic management and process management in the energy sector: energy supply and distribution companies, industry and transport, as well as local governments. For this special issue we welcome multidisciplinary papers linking various lens on the forthcoming transformation processes towards the 2050 perspective.

- Strategies and business models of energy companies
- Perfecting process management in energy companies
- Agile management and strategic change in energy companies
- Digital transformation in the energy sector
- Electromobility and modern transportation in metropolitan development strategies
- Strategies of smart cities development and functioning
- Contemporary challenges in strategic management and process management in the energy sector

---

### Guest Editors

Prof. Wojciech Dyduch

Department of Entrepreneurship, College of Management, University of Economics in Katowice, Katowice, Poland

Prof. Szymon Cyfert

Department of Organization and Management, Institute of Management, Poznan University of Economics and Business, Poznan, Poland

---

### Deadline for manuscript submissions

closed (25 April 2022)

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
