

Special Issue

Innovation and Future Trends in the Global Energy Economics

Message from the Guest Editor

This Special Issue on “Innovation and Future Trends in the Global Energy Economics” invites you to submit papers on, but not limited to, the following topics of interest:

- Innovation and digital transformation in global energy systems;
- Renewable energy economics and investment strategies;
- Energy transition pathways and carbon neutrality policies;
- Energy market reforms, pricing mechanisms, and regulation;
- The role of artificial intelligence, big data, and blockchain in energy management;
- Energy security, resilience, and geopolitical dynamics in a changing world;
- Sustainable finance and green technologies for low-carbon development;
- Energy efficiency, smart grids, and demand-side management;
- Decarbonization of industry, transport, and urban energy systems;
- Policy instruments and behavioral insights for sustainable energy transitions.

Guest Editor

Dr. Sulaman Muhammad

Chair of Energy Economics, Brandenburg University of Technology Cottbus-Senftenberg (BTU), Siemens-Halske-Ring 13, 03046 Cottbus, Germany

Deadline for manuscript submissions

24 April 2026

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
