

Special Issue

Selected Papers from the 10th Asia-Pacific Forum on Renewable Energy (AFORE 2021)

Message from the Guest Editors

AFORE 2021 is an annual event in which renewable energy specialists are provided with the opportunity, with regard to renewable energy policy, technology, education, research, marketing, and business, to exchange ideas, present work, establish networks, and develop a new vision for the future of renewable energy in the Asia-Pacific region. The success of past AFORE conferences has now established it as a regional forum for presenting research in the renewable energy area and providing opportunities for information sharing, interaction between researchers and industries, network building, and research/technical collaboration. This Special Issue welcomes full-length manuscript submissions on new and renewable energy applications from presenters and speakers at AFORE 2021. Papers that are accepted after a process of peer-review by experts in the field of new and renewable energy will be published in the journal *Energies*.

Guest Editors

Dr. Hyun-Goo Kim

New and Renewable Energy Map Laboratory, Korea Institute of Energy Research, Daejeon 34129, Korea

Prof. Dr. Youngkuk Kim

School of Information and Communication Engineering, Sungkyunkwan University, Suwon 16419, Korea

Deadline for manuscript submissions

closed (28 February 2022)

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba
Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
