

Special Issue

Control of Power Electronics Converters and Electric Motor Drives

Message from the Guest Editors

This Special Issue will focus on new control techniques for power electronics converters and electric motor drives in practical applications. Prospective authors are invited to submit original contributions for review for publication in this Special Issue.

Topics of interest for publication include, but are not limited to:

- Linear and nonlinear control of three-phase and multiphase motor drive systems;
- Linear and nonlinear control of power electronics converters;
- New modulation techniques for power converters and electric motor drives.

Guest Editors

Prof. Dr. Federico Barrero

Department of Electronic Engineering, University of Seville, 41092 Seville, Spain

Prof. Dr. Jorge Rodas

Laboratory of Power and Control Systems (LSPyC), Facultad de Ingeniería, Universidad Nacional de Asunción, Luque 2060, Paraguay

Deadline for manuscript submissions

closed (31 December 2020)

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
