

## Special Issue

# Economic Analysis of Wind Power in the EU

### Message from the Guest Editor

This Special Issue, entitled “Economic Analysis of Wind Power in the EU”, is proposed for the international journal *Energies*, which is an SCIE journal (2018 IF = 2.707). This Special Issue mainly covers original research and studies related, but not limited, to several topics, including strategies and public policies for wind power deployment in the EU, evolution of capital and operational expenditures, identification of the determinants of wind power capacity investment, or the assessment of the impact of wind power on the global economic activity, electricity markets and networks, or electricity prices. Papers selected for this Special Issue are subject to a rigorous peer review procedure with the aim of a rapid and wide dissemination of research results, developments, and applications. I am writing to invite you to submit your original work to this Special Issue. I am looking forward to receiving your outstanding research.

### Guest Editor

Prof. Dr. Miguel-Angel Tarancon

Seminar on Sustainable Economy, Faculty of Law and Social Sciences,  
University of Castilla-La Mancha, Ronda de Toledo s/n, 13071 Ciudad  
Real, Spain

### Deadline for manuscript submissions

closed (21 May 2021)

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
