

Special Issue

Electrical Power Engineering: Efficiency and Control Strategies

Message from the Guest Editors

We currently launch a special issue "Electrical Power Engineering: Efficiency and Control Strategies" in *Energies*. The topics to be addressed in the Special Issue include but are not limited to the following:

- Power flow control and optimization algorithms;
- Electrical energy efficiency in industry, buildings, transmission and distribution, etc;
- Modeling, simulation, and control of power electronic converters;
- Analysis of the uncertainty generated by renewable sources and electric vehicles;
- High-/medium-voltage DC systems;
- Grid planning with large-scale renewable energy resources;
- Renewable energy conversion systems: design, modelling, control, and integration of modern power systems;
- Power and energy quality in electric systems.

Dr. Jesús C. Hernandez

Guest Editors

Dr. Francisco Javier Ruiz-Rodríguez

Department of Electrical and Thermal Engineering, Higher Technical School of Engineering, University of Huelva, Avda. Fuerzas Armadas, s/n, 21007 Huelva, Spain

Dr. Jesus C. Hernandez

Electrical Engineering Department, University of Jaen, Campus Las Lagunillas, 23071 Jaen, Spain

Deadline for manuscript submissions

closed (31 October 2022)

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
