

Special Issue

Energy Policy

Message from the Guest Editor

The special issue on Energy Policy covers policy and strategy related original and review papers on a broad range of topics of energy production, conversion, transportation and utilization, alternative energies, energy issues and environmental impact, sustainable development, renewables and implementation, global warming, economic dimensions, demand side management issues, efficiency aspects, conservation, energy sectors and their role in society.

Guest Editor

Dr. Adnan Midilli

Assoc. Prof. in Energy Division, Head of Energy Division, Mechanical Engineering Department, Nigde University, 51200 Nigde, Turkey

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
