

## Special Issue

# Integrated Approaches for Enterprise Sustainability

### Message from the Guest Editor

For this Special Issue titled *"Integrated Approaches for Enterprise Sustainability"* I invite the submission of papers that foster discussion on improving enterprise sustainability. The development and implementation of new solutions that will lead to sustainable development requires a systematic approach and cooperation between various groups of stakeholders, including businesses, consumers, politicians, the world of science and non-governmental organizations. Therefore I invite to the Special Issue not only researchers from academia but also decision-makers from industry and policy-makers from governmental organizations. This call is intentionally broad in order to address a wide range of topics and combine management as well as engineering knowledge to deal with the multifaceted nature of sustainability.

### Guest Editor

Dr. Patrycja Hąbek

Faculty of Organization and Management, Silesian University of Technology, Roosevelt street 26, 41-800 Zabrze, Poland

### Deadline for manuscript submissions

closed (10 November 2021)

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

### Editor-in-Chief

Prof. Dr. Enrico Sciubba  
Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
