

## Special Issue

# Hydrogen and Carbon Capture Technology

### Message from the Guest Editor

I am delighted to invite you to submit your research or review paper to this Special Issue on Hydrogen and Carbon Capture Technology. This SI will include different topics, related mainly to green hydrogen, fuel cells, renewable energy, carbon capture, energy storage systems and environmental protection. Please contact me or the publisher if you have any doubts related to the theme of your paper. The submission will be open until 31 December 2022.

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.
