

Special Issue

Selected Papers from the 9th International Conference on Smart Grid (icSmartGrid 2021)

Message from the Guest Editors

This Special Issue will be an opportunity for you to publish your papers in a worldwide known high-ranking open-source *Energies* journal. Topics include, but are not limited to:

- Smart grid
- Renewable energy
- Power electronics
- Converter and inverter systems
- Electrical vehicles
- Energy storage
- Energy control techniques
- Energy harvesting
- Micro grids

If your papers are from icSmartGrid or any other conferences, you should revise the paper by at least half. We are looking forward to receiving your high-quality research papers. With our best regards,
Prof. Dr. ILHAMI COLAK

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.
