

## Special Issue

# Integration and Management of Distributed Energy Resources in Power Systems

### Message from the Guest Editor

This Special Issue, entitled “Integration and Management of Distributed Energy Resources in Power Systems” for the international journal *Energies*, mainly covers original research and studies related to the abovementioned topics including, but not limited to, integration of renewable resources in power systems, management of distributed generation, demand response integration, use of energy storage systems, and so on. Papers selected for this Special Issue are subject to a rigorous peer review procedure with the aim of rapid and wide dissemination of research results, developments, and applications. Keywords:

- Distributed generation integration
- Renewable generation
- Energy efficiency measures
- Storage systems
- Cogeneration
- Demand response management
- Control in power systems

I am writing to invite you to submit your original work to this Special Issue. I am looking forward to receiving your outstanding research.

---

### Guest Editor

Prof. Dr. Guillermo Escrivá-Escrivá  
Institute for Energy Engineering, Universitat Politècnica de València,  
46022 Valencia, Spain

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

---

### Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
