

Topical Collection

Invited Papers on Electric Vehicles

Message from the Collection Editors

This collection focuses on the landscape of technologies for EV in order to meet technical, socioeconomic, and environmental goals. In particular, this issue seeks to contribute to such topics through enhanced scientific and multidisciplinary knowledge. We therefore invite papers on innovative technical developments, reviews, case studies, as well as analytical and assessment papers from different disciplines that are relevant to the topic of EV.

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.
