

Special Issue

Recent Advances in Organic Electronics

Message from the Guest Editor

As the , I am inviting submissions to a Special Issue of *Energies* on “Recent Advances in Organic Electronics”. In recent years, new discoveries in the synthesis and characterization of organic semiconductors have accelerated the development of new types of organic electronic devices, offering a wide variety of potential applications in the future. Hopefully, this Special Issue will provide an overview of this exciting field of research, which encompasses quite different disciplines, such as organic synthesis, electrochemistry, spectroscopy, photophysics, physics of semiconductor devices, and electrical engineering, to just name a few.

Guest Editor

Dr. Joachim Vollbrecht

Soft Matter Physics Group, Institute of Physics and Astronomy,
University of Potsdam, 14476 Potsdam-Golm, Germany

Deadline for manuscript submissions

closed (15 December 2021)

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University
Niccolò Cusano, 00166 Roma, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q1 (Control and Optimization)
