

Special Issue

Sustainable Biomass Supply Chain Management in Agriculture

Message from the Guest Editors

The present Special Issue of *Energies* aims to collect innovative ideas, solutions, decision-making frameworks and tools, experimental research, and state-of-the-art studies on sustainable biomass supply chain management in the agricultural sector.

- biomass systems
- agricultural supply chain management
- sustainability
- agricultural waste
- energy production
- Bioenergy

About the Journal

Message from the Editor-in-Chief

Energies is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

Editor-in-Chief
