

# Topical Collection

## Feature Papers on Wind, Wave and Tidal Energy

### Message from the Collection Editors

This Collection "Feature Papers on Wind, Wave and Tidal Energy" is open for submission now. We invite submissions that address research and development in fields including, but not limited to, the following:

- Wind, wave and tidal energy converters;
- Experimental and computational investigations of wind, wave and tidal energy technologies
- Site and energy yield assessments;
- Health monitoring and lifetime assessment for wind, wave and tidal energy assets;
- Signal and image processing for wind, wave and tidal energy assets;
- Fault diagnosis, prognosis and root cause analysis for wind, wave and tidal energy assets for stationary and non-stationary operations;
- Modelling and finite element analysis for fault diagnosis, prognosis and root cause analysis for wind, wave and tidal energy assets;
- Economic aspects;
- Social acceptance;
- Grid and system integration;
- Usage of data driven approaches for wind, wave and tidal energy assessments.

---

### Collection Editors

Dr. Galih Bangga

Institute of Aerodynamics and Gas Dynamics, University of Stuttgart,  
70569 Stuttgart, Germany

Prof. Dr. Len Gelman

Department of Engineering, School of Computing and Engineering,  
University of Huddersfield, Huddersfield HD1 3DH, UK

## About the Journal

### Message from the Editor-in-Chief

*Energies* is an international, open access journal in energy engineering and research. The journal publishes original papers, review articles, technical notes, and letters. Authors are encouraged to submit manuscripts which bridge the gaps between research, development and implementation. The journal provides a forum for information on research, innovation, and demonstration in the areas of energy conversion and conservation, the optimal use of energy resources, optimization of energy processes, mitigation of environmental pollutants, and sustainable energy systems.

### Editor-in-Chief

Prof. Dr. Enrico Sciubba

Department of Mechanical and Industrial Engineering, University  
Niccolò Cusano, 00166 Roma, Italy

---

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Ei Compendex, RePEc, Inspec, CAPlus / SciFinder, and other databases.

#### Journal Rank:

CiteScore - Q1 (Control and Optimization)
