## Entropy-Based Fault Diagnosis

Guest Editor:

**Prof. Dr. Spyros G. Tzafestas**

School of Electrical and  
Computer Engineering, National  
Technical University of Athens,  
Athens, Greece

Deadline for manuscript  
submissions:

**closed (31 May 2019)**

### Message from the Guest Editor

Dear Colleagues,

The Special Issue will consider research and review papers using the following (non-inclusive) entropy-based FDD methods:

- Maximum entropy methods.
- Sample entropy methods.
- Approximate entropy methods.
- Single-scale and multi-scale entropy methods.
- Permutation entropy methods.
- Wavelet entropy methods.
- Fuzzy entropy methods.
- Singular entropy methods.
- Neural network entropy methods.
- Entropy-based complexity measures methods.
- Combinations of the above methods (hybrid methods).

Case study papers treating FDD problems of real-life practical systems, and presenting respective experimental/simulation results are mostly welcome.

Prof. Dr. Spyros G. Tzafestas

at Albany, 1400 Washington  
Avenue, Albany, NY 12222, USA

## Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

*Entropy* is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [Inspec](#), [PubMed](#), [PMC](#), [Astrophysics Data System](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (*Physics, Multidisciplinary*) / CiteScore - Q1 (Mathematical Physics)
