

Special Issue

Nonlinear Dynamics and Analysis

Message from the Guest Editors

The scope of this Special Issue is to bring together theory, methods, and real-world applications of Nonlinear Dynamics. It will consist of topical research in but not limited to the following areas: Ordinary differential equations; Delay differential equations; Fixed point theory; Fractional differential equations Functional equations; Equations on time scales; Partial differential equations; Fractional differential equations; Stochastic differential equations; Integral equations.

Guest Editors

Prof. Dr. Ravi P. Agarwal

Emeritus Research Professor of Department of Mathematics and Systems Engineering, Florida Institute of Technology, Melbourne, FL 32901, USA

Prof. Dr. Maria Alessandra Ragusa

Dipartimento di Matematica e Informatica, University of Catania, 95124 Catania, CT, Italy

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

Entropy is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

Editor-in-Chief

Prof. Dr. Kevin H. Knuth

Department of Physics, University at Albany, 1400 Washington Avenue,
Albany, NY 12222, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, PubMed, PMC, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Physics, Multidisciplinary) / CiteScore - Q1 (Mathematical Physics)
