

Special Issue

Complexity in Urban Systems

Message from the Guest Editors

The Special Issue is concerned with all aspects of complex urban systems; topics include but are not limited to the following:

- The growth dynamics of cities.
- Urban scaling laws and their origins.
- Human mobility and related applications.
- Epidemic spreading in/among cities.
- Mechanical model for migration and/or urban mobility.
- Deep learning predictive model for human mobility.
- Impacts of new technologies (e.g., eVTOL) on human mobility.
- Field theory of human mobility.
- Interaction/Exposure/Residential Segregation.
- Behavioral roots of inequality.

Guest Editors

Dr. Ruiqi Li

Hangzhou International Innovation Institute, Beihang University, Beijing, China

Dr. Suoyi Tan

College of Systems Engineering, National University of Defense Technology, Changsha, China

Dr. Er-Jian Liu

Beijing Transport Institute, Beijing, China

Deadline for manuscript submissions

31 December 2026

About the Journal

Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

Entropy is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

Editor-in-Chief

Prof. Dr. Kevin H. Knuth

Department of Physics, University at Albany, 1400 Washington Avenue,
Albany, NY 12222, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, PubMed, PMC, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Physics, Multidisciplinary) / CiteScore - Q1 (Mathematical Physics)
