

Special Issue

Selected Papers in 13th International Conference on Computational Heat Mass and Momentum Transfer

Message from the Guest Editors

Computational techniques and methods are an evolutionary field, from macroscopic-level to nano-level, using continuum and discrete mechanics. It is necessary for scientists and engineers to come together every two years in a relaxed environment to discuss new ideas and developments in the area of computational methods and applications, especially in the topic of fluid dynamics, heat and mass transfer in nonreactive and reactive processes. In addition, it is good opportunity for new scientists and engineers to explore the art of computational methods. Submission of contributions to this Special Issue is encouraged for all participants of the ICCHMT conference (<https://icchmt2021.com/>).

Guest Editors

Prof. Dr. Abdulmajeed A. Mohamad

Prof. Dr. Paweł Ocłoń

Prof. Dr. Smaine Koudri

Prof. Dr. Farid Bakir

About the Journal

Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

Entropy is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

Editor-in-Chief

Prof. Dr. Kevin H. Knuth

Department of Physics, University at Albany, 1400 Washington Avenue,
Albany, NY 12222, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, PubMed, PMC, Astrophysics Data System, and other databases.

Journal Rank:

JCR - Q2 (Physics, Multidisciplinary) / CiteScore - Q1 (Mathematical Physics)
