Special Issue

Selected Papers from 2nd International Electronic Conference on Entropy and Its Applications

Message from the Guest Editor

For more information on *The 2nd International Electronic Conference on Entropy and Its Applications (ECEA-2)*, please go to:
http://www.sciforum.net/conf/ecea-2/
Authors who have presented their article at the 2nd International Electronic Conference on Entropy and Its Applications will receive a 20% discount.

Guest Editor

Dr. Dawn E. Holmes

Department of Statistics and Applied Probability, University of California, Santa Barbara, CA 93106-3110, USA

Deadline for manuscript submissions

closed (30 May 2016)

About the Journal

Message from the Editor-in-Chief

The concept of entropy is traditionally a quantity in physics that has to do with temperature. However, it is now clear that entropy is deeply related to information theory and the process of inference. As such, entropic techniques have found broad application in the sciences.

Entropy is an online open access journal providing an advanced forum for the development and/or application of entropic and information-theoretic studies in a wide variety of applications. *Entropy* is inviting innovative and insightful contributions. Please consider *Entropy* as an exceptional home for your manuscript.

Editor-in-Chief

Prof. Dr. Kevin H. Knuth
Department of Physics, University at Albany, 1400 Washington Avenue, Albany, NY 12222, USA

Author Benefits

Open Access:
free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:
indexed within Scopus, SCIE (Web of Science), Inspec, PubMed, PMC, Astrophysics Data System, and other databases.

Journal Rank:
JCR - Q2 (Physics, Multidisciplinary) / CiteScore - Q1 (Mathematical Physics)
