

Special Issue

Healthy and Safe Environments across Occupational and Environmental Contexts

Message from the Guest Editors

This Special Issue features a diverse range of topics, including novel approaches to hazard assessment, emerging environmental and occupational health risks, technological innovations for safety and health, interventions in challenging environments, and strategies for disease prevention and human well-being among occupational and environmental settings and communities.

The articles should cover one of the following topics:

- Occupational and environmental mixed exposures;
- Modelling approaches to estimate occupational and environmental exposures;
- New technologies, human factors, and health outcomes;
- Healthy indoor and outdoor workplaces and environments;
- Physical, biological, chemical, and psychosocial factors exposure and qualitative and quantitative risk assessment methods;
- Work organization and design to prevent accidents and injuries;
- Skin and airborne exposure: new developments on assessment and control;
- Impact of green jobs on environment and occupational health.

Guest Editors

Dr. Carlos Carvalhais

Prof. Dr. Joana Carvalho dos Santos

About the Journal

Message from the Editor-in-Chief

Environmental issues are quickly becoming central political, economic and academic topics of the twenty-first century. A large number of modern challenges are directly or indirectly caused by complex interactions between environmental issues. Such issues require interdisciplinary research, knowledge and insights to understand and, ultimately, for solutions to be found. Through the journal *Environments*, we strive to create a platform for meaningful discourse by accepting contributions from a wide range of fields. We sincerely hope you will consider publishing your distinguished work in this highly-accessible, peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Sergio Ulgiati

1. Department of Science and Technology, Parthenope University of Naples, Centro Direzionale, Isola C4, 80143 Napoli, Italy

2. School of Environment, State Key Joint Laboratory of Environment Simulation and Pollution Control, Beijing Normal University, No. 19 Xijiekouwai Street, Beijing 100875, China

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), PubAg, AGRIS, GeoRef, and other databases.

Journal Rank:

JCR - Q2 (Environmental Sciences) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.2 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the first half of 2025).
