

Special Issue

Environmental and Water Resources Engineering

Message from the Guest Editors

This is a joint Special Issue with the 2018 International Conference on Environmental and Water Resources Engineering (EWRE 2018, 12–14 October, Jeju Island, Korea). It will feature original research, application papers and review papers on the theory, design and implementation of environmental and water resources engineering, etc. Topics include but not limited to: environmental science and technology; environmental dynamics; global environmental change and ecosystems management; climate and climatic changes; global warming; environmental restoration and ecological engineering; wetlands; ground water remediation; environmental sustainability; environmental systems approach; sustainable cities; green energy; health and the environment; water resources systems; climate change impacts on hydrology and water resources; monitoring, remediation, assessment and protection of water resources; planning and management of water resources and water provision; watershed hydrology; water quality assessment; water environment protection; sustainable use of water resources; etc.

Guest Editors

Prof. Dr. Hsin Chu

Department of Environmental Engineering, National Cheng Kung University, Tainan 70101, Taiwan

Dr. Hsin-Ta Hsueh

Sustainable Environment Research Laboratories, National Cheng Kung University, Tainan 70101, Taiwan

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Environmental issues are quickly becoming central political, economic and academic topics of the twenty-first century. A large number of modern challenges are directly or indirectly caused by complex interactions between environmental issues. Such issues require interdisciplinary research, knowledge and insights to understand and, ultimately, for solutions to be found. Through the journal *Environments*, we strive to create a platform for meaningful discourse by accepting contributions from a wide range of fields. We sincerely hope you will consider publishing your distinguished work in this highly-accessible, peer-reviewed journal.

Editor-in-Chief

Prof. Dr. Sergio Ulgiati

1. Department of Science and Technology, Parthenope University of Naples, Centro Direzionale, Isola C4, 80143 Napoli, Italy

2. School of Environment, State Key Joint Laboratory of Environment Simulation and Pollution Control, Beijing Normal University, No. 19 Xijiekouwai Street, Beijing 100875, China

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), PubAg, AGRIS, GeoRef, and other databases.

Journal Rank:

JCR - Q2 (Environmental Sciences) / CiteScore - Q1 (Ecology, Evolution, Behavior and Systematics)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.2 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the first half of 2025).
