Special Issue

Feature Review Papers on Fermentation for Food and Beverages 2025

Message from the Guest Editor

This Special Issue will oversee the collection of high-quality review papers on all aspects of "Fermentation for Food and Beverages". We welcome contributions from researchers who can offer insights into the latest developments in this field, including microbial species and biotechnologies. We also encourage authors to invite relevant experts and colleagues to contribute to this Special Issue. We strongly prefer full-length, comprehensive reviews that provide a more in-depth examination, as our goal is to share the latest scientific advancements and help disseminate knowledge across the scientific community. We look forward to receiving your contributions and making this Special Issue a success.

About the Journal

Message from the Editor-in-Chief

Welcome to a new open access journal, Fermentation, which meets the growing need for a high quality peerreviewed international journal with easy access to all researchers globally. We hope that you will share our enthusiasm for this new journal and look forward to working with you to make Fermentation a leader in its field. Your contributions are vital for the success of this new journal. Proposals for editing a special issue for a particular topical area are always welcome.

Editor-in-Chief

Dr. Badal C. Saha

Retired, National Center for Agricultural Utilization Research, USDA-ARS, Peoria, IL, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, FSTA, Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Biotechnology and Applied Microbiology) / CiteScore - Q1 (Plant Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.5 days after submission; acceptance to publication is undertaken in 3.9 days (median values for papers published in this journal in the first half of 2025).
