submissions:

20 September 2021

Message from the Guest Editor

Dear Colleagues,

The Special Issue will also seriously consider the challenges and future research directions. Considering your extensive knowledge and experience in this field, I would like to invite you to contribute original research articles, as well as review articles, to this Special Issue, which will increase the basic and cutting-edge subject knowledge on hollow fibers, and may lead to the development of new technologies and innovations for their efficient and economic utilization.

- Hollow fiber membranes (HFMs)
- Advanced materials for HFMs
- Applications of HFMs
- Designing and fabrication of improved HFMs
- Novel nanomaterials enabled HFMs
