Special Issue

Fibers 10th Anniversary: Past, Present, and Future

Message from the Guest Editors

The year 2023 marks the 10th year of the journal *Fibers*, and we invite you to join us in celebrating its anniversary. To this end, the journal will publish an anniversary Special Issue, "*Fibers* 10th Anniversary: Past, Present, and Future". We invite you to submit an original article reflecting your latest work related to fiber research. We also welcome reviews of past and current research, and future perspectives. Editors, authors, and reviewers who have made contributions to *Fibers* are particularly invited to contribute. Topics of interest include, but are not limited to: fiber and fiber-based materials' properties, the design of fibrous materials, biocompatibility, toxicology and environmental safety, and the processing of fibers and any aspect of fibrous materials.

Guest Editors

Prof. Dr. Catalin R. Picu

Department of Mechanical, Aerospace and Nuclear Engineering, Rensselaer Polytechnic Institute, Troy, NY 12180, USA

Prof. Dr. Lucian Lucia

Departments of Forest Biomaterials, Chemistry, North Carolina State University, Raleigh, NC 27695, USA

About the Journal

Message from the Editor-in-Chief

Fibers is intended as an integrative platform, bringing together specialists with expertise concerning a large range of biological, synthetic, metallic and mineral fibers. The intent is to bring together scientists who would otherwise be unlikely to encounter each other's findings. By facilitating communication across specialties, the journal will advance understanding of the underlying commonality of many physical and chemical aspects of fibers.

We welcome submission of manuscripts from a diverse range of disciplines relating to many types of fibers utilizing a variety of research approaches.

Editor-in-Chief

Prof. Dr. Martin J. D. Clift

In Vitro Toxicology Group, Institute of Life Sciences 1, Swansea University Medical School (SUMS), Swansea SA2 8PP, Wales, UK

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), Ei Compendex, PubAg, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Materials Science, Multidisciplinary) / CiteScore - Q1 (Civil and Structural Engineering)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 23.3 days after submission; acceptance to publication is undertaken in 5.8 days (median values for papers published in this journal in the first half of 2025).
