

## Special Issue

# Corporate Governance, Digital and Money Economy

### Message from the Guest Editors

The purpose of this Special Issue is to indicate the principles, role, essence and mechanisms of corporate governance in the modern economy. In addition, this Special Issue aims to identify the importance of corporate governance in the pursuit of sustainable development of entities and their risk management. The scope of this Special Issue includes the following topics:

- Different perceptions of corporate governance in the world;
- The process of building corporate governance;
- Corporate governance from the perspective of: market participants, consumers, investors, audit firms, among others;
- Corporate governance and its importance during economic and financial crises;
- Corporate governance and its relevance to various financial security risks;
- Ethics and trust in corporate governance;
- Risk and its relation to corporate governance;
- Promotion of corporate governance.

## About the Journal

### Message from the Editor-in-Chief

*FinTech* (ISSN 2674-1032) is an international, peer-reviewed open access journal on a variety of themes connected with financial technology, such as cryptocurrencies, risk management, robo-advising, crowdfunding, blockchain, new payment solutions, machine learning and AI for financial services, digital currencies, etc. *FinTech* provides a global academic forum for exchanging research findings across all fields in financial innovation in the era of electronic business. It seeks to promote interactions among researchers, policy-makers, and practitioners and foster research ideas on financial innovation in terms of new financial instruments, as well as new financial technologies, markets, and institutions.
