Integration of Nutrition and Physiology in Aquatic Animals

Guest Editors:

Dr. Vikas Kumar

Dr. Beth Cleveland

Dr. Janet Genz

Deadline for manuscript
submissions:

closed (15 July 2021)

Message from the Guest Editors

Dear Colleagues,

Our Special Issue “Integration of Nutrition and Physiology in Aquatic Animals” welcomes the submission of reviews or manuscripts describing original research aimed at improving aquatic animal performance under dietary intervention and environmentally associated nutrients. The goal of this Special Issue is to collect contributions of high scientific quality that focus on the integration of nutrition and physiology and its subsequent impacts on aquatic animal metabolism, overall growth performance, or ecological performance. Our major focus is the latest advances in the field of nutritional physiology at the molecular, cellular, tissue, and organismal levels. Investigations into interactions between nutrition and ecological adaptations are also of interest.

Editor-in-Chief

Prof. Dr. Maria Angeles Esteban

Department of Cell Biology and Histology, Faculty of Biology, University of Murcia, 30100 Murcia, Spain

Message from the Editor-in-Chief

Fishes is a multidisciplinary open access journal focusing on reports of original research and critical reviews and synthesis from the broad area of fishes and aquatic animals. The ultimate objective of *Fishes* is to facilitate the discovery of connections between research areas, advancing science and filling knowledge gaps, and providing solutions for all present and future issues encountered in the sector of fisheries and aquaculture. As Editor-in-Chief, I encourage you to consider *Fishes* for your scientific papers and would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubAg](#), [FSTA](#), and [other databases](#).

Journal Rank: JCR - Q2 (*Marine & Freshwater Biology*)
