

Special Issue

Recent Advances in Genetic Breeding and Healthy Aquaculture of Aquatic Organisms

Message from the Guest Editors

We are pleased to announce a forthcoming special issue in *Fishes*, titled "Recent Advances in Genetic Breeding and Healthy Aquaculture of Aquatic Organisms", and we invite you to contribute your expertise to this exciting endeavor. This special issue aims to showcase cutting-edge research and innovations in the genetic breeding of aquatic organisms. We seek contributions that delve into various aspects of genetic breeding and healthy aquaculture, including but not limited to selective breeding strategies, molecular techniques, advancements in genomic tools, aquaculture strategies and sustainable aquaculture. Our objective is to provide a comprehensive overview of recent developments that contribute to the sustainable management and enhancement of aquatic species.

About the Journal

Message from the Editor-in-Chief

Fishes is a multidisciplinary open access journal focusing on reports of original research and critical reviews and synthesis from the broad area of fishes and aquatic animals. The ultimate objective of *Fishes* is to facilitate the discovery of connections between research areas, advancing science and filling knowledge gaps, and providing solutions for all present and future issues encountered in the sector of fisheries and aquaculture. As Editor-in-Chief, I encourage you to consider *Fishes* for your scientific papers and would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Maria Angeles Esteban

Department of Cell Biology and Histology, Faculty of Biology, University of Murcia, 30100 Murcia, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, FSTA, and other databases.

Journal Rank:

JCR - Q1 (Marine and Freshwater Biology) Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
