Advances in Understanding of Fish and Aquatic Animals: Reviews of Current Topics

Message from the Guest Editors

We invite you to submit a review to a Special Issue of *Fishes* on “Advances in Understanding of Fish and Aquatic Animals: Reviews of Current Topics”. The aim of this issue is to publish reviews that integrate and synthesize knowledge among disciplines related to fish and other aquatic animals within the fields of fisheries or aquaculture. We invite your contribution. Manuscripts will be evaluated based on comments and suggestions from peer reviewers on full manuscripts for this Special Issue. This will be a dynamic Special Issue, and reviews will be published as soon as reviewers and editors are ready to accept them, without waiting for the deadline for the entire Special Issue to arrive.

About the Journal

Message from the Editor-in-Chief

Fishes is a multidisciplinary open access journal focusing on reports of original research and critical reviews and synthesis from the broad area of fishes and aquatic animals. The ultimate objective of *Fishes* is to facilitate the discovery of connections between research areas, advancing science and filling knowledge gaps, and providing solutions for all present and future issues encountered in the sector of fisheries and aquaculture. As Editor-in-Chief, I encourage you to consider *Fishes* for your scientific papers and would be pleased to welcome you as one of our authors.

Editor-in-Chief
