

## Special Issue

# Selected Papers from the "VII Iberian Congress of Ichthyology - SIBIC2018 Where rivers meet the ocean"

### Message from the Guest Editors

The VII Congress of the Iberian Society for Ichthyology—SIBIC (Faro, Portugal, 12–16 June, 2018). The congress theme, “where rivers meet the ocean”, encompasses all aspects of fish biology, habitat, or resource management, from riverine environments to the open waters of the planet’s oceans. This highlights the Iberian Society for Ichthyology’s (SIBIC) vision to uphold the ecological relevance of fish and promote the transfer of multidisciplinary knowledge across freshwater and marine realms. The conference program features topics such as systematics, phylogeography and evolution, physiology and toxicology, fish behavior and welfare, species and habitat connectivity and conservation, sustainable fisheries and aquaculture, fish models and biotechnology, and science awareness and policy.

### Guest Editors

Dr. Pedro Miguel Guerreiro

CCMAR-CIMAR LA Centre for Marine Sciences, Campus de Gambelas, University of Algarve, 8005-139 Faro, Portugal

Dr. Filipe Ribeiro

MARE, Marine and Environmental Sciences Centre at University of Lisbon

### Deadline for manuscript submissions

closed (30 September 2019)

## About the Journal

### Message from the Editor-in-Chief

*Fishes* is a multidisciplinary open access journal focusing on reports of original research and critical reviews and synthesis from the broad area of fishes and aquatic animals. The ultimate objective of *Fishes* is to facilitate the discovery of connections between research areas, advancing science and filling knowledge gaps, and providing solutions for all present and future issues encountered in the sector of fisheries and aquaculture. As Editor-in-Chief, I encourage you to consider *Fishes* for your scientific papers and would be pleased to welcome you as one of our authors.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubAg, FSTA, and other databases.

#### Journal Rank:

JCR - Q1 (Marine and Freshwater Biology) Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
