Special Issue

Feature Reviews for *Fluids* 2025–2026

Message from the Guest Editors

We are pleased to announce this Special Issue, entitled "Feature Reviews for *Fluids* 2025–2026". This Special Issue aims to present a collection of high-quality review papers from our Editorial Board Members or outside leading authors, discussing a diverse set of topics related to all aspects of fluids, including original theoretical, computational, and experimental contributions to understanding of the dynamics of gases, liquids, and complex or multiphase fluids. We consider this Special Issue to be the best forum to disseminate important research findings and share innovative ideas in the field.

Message from the Editor-in-Chief

Fluids (ISSN 2311-5521) is an international journal on all aspects of fluids in open access format: research articles, reviews and other contents are released on the internet immediately after acceptance. You are invited to contribute a research article or a comprehensive review for consideration and publication in *Fluids*. The scientific community and the general public have unlimited free access to the content as soon as it is published. Please consider *Fluids* as an exceptional, exciting enterprise ready to reward your trust, attention, and active participation.

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Journal Rank:

CiteScore - Q2 (Mechanical Engineering)
