Message from the Guest Editors

This Special Issue focuses on the extraction and characterization of DFs from agro-products and agro-byproducts, and evaluation of their health benefits, especially health-promoting effects via regulating gut microbiota, as well as their potential applications in functional food development. We invite authors to submit research articles, perspectives, and review articles that focus on but are not limited to the following topics:

- Novel techniques for extraction of dietary fibers from agro-products and agro-byproducts;
- Modification and characterization of dietary fibers from agro-products and agro-byproducts;
- Biological activities of dietary fibers from agro-products and agro-byproducts;
- Health benefits of dietary fibers from agro-products and agro-byproducts via regulating gut microbiota;
- Development and application of dietary fibers from agro-products and agro-byproducts

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [AGRIS](#), [PubAg](#), and [other databases](#).

Journal Rank: JCR - Q1 (*Food Science & Technology*) / CiteScore - Q1 (*Health Professions (miscellaneous)*)
