Message from the Guest Editors

Dear Colleagues,

We are pleased to announce a new Special Issue entitled
"Food Aspects: From Prevention to Diet-related Diseases".

Article proposals should be focused on the following
topics:

Establishing the cause-and-effect relationship between
food components, food extracts, and nutrition, in the
context of health-promoting effects or diet-related
metabolic disorders.

Isolation, identification, and characterization of bioactive
food derivative antioxidants, phytochemicals, protein,
peptides, polysaccharides, etc.

Effect of processing methods on the chemistry of
bioactive constituents in food.

Bioavailability of bioactive components in food.

Development of innovative food solutions.

This Special Issue encourages authors to submit their
original research or review articles bringing new pieces of
evidence or synthesis of the most recent and breakthrough
data in the study of food components in health promotion
and disease prevention, as well as the study of diet
interconnected diseases.

Pathobiology, Purdue University,
West Lafayette, IN 47907, USA

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [AGRIS](#), [PubAg](#), and [other databases](#).

Journal Rank: JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))
