Deadline for manuscript  
submissions:

**closed (15 November 2018)**

### Message from the Guest Editors

Dear Colleagues,

This Special Issue will focus on all aspects of wine composition and quality analysis, from grape berries, to winemaking, maturation and packaging, as well as the relationships between wine composition, sensory properties, and quality. We encourage submissions that explore the composition and quality of grapes and wine, particularly contributions concerning grape and wine appearance, aroma, flavor, off-flavor and stability, or other sensory attributes which influence wine quality. Papers that focus on the development and application of new analytical methods for determination of wine composition and quality are also encouraged.

We invite submissions of original research and review articles that explore contemporary issues in grape and wine chemistry for inclusion in this Special Issue.

Assoc. Prof. Kerry Wilkinson

Dr. Julie Culbert

## Message from the Editor-in-Chief

*Foods* (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility:** Covered by the Science Citation Index Expanded (SCIE) in Web of Science, as well as PubMed, Scopus and other databases; full-text archived in PubMed Central.

**Rapid publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 15 days after submission; acceptance to publication is undertaken in 4.3 days (median values for papers published in the first six months of 2018).
