submissions:

10 August 2023

Message from the Guest Editor

Dear Colleagues,

The composition of microorganisms in milk is complex and diverse. These microorganisms can participate in the fermentation or the spoilage of milk and dairy products, which affects their food quality, flavor, nutrition, function, safety and shelf life.

The special issue pays special attention to the latest research progress in understanding the role of microorganisms in milk and dairy products. This is a call for relevant research publications to reflect the most recent progress and/or to highlight relevant points of scientific emphasis, including future directions. You are encouraged to submit one or more manuscripts to this Special Issue; research articles, communications, and scientific reviews are welcome. Relevant topics include (but are not limited to) the following: (1) microbial detection and analysis related to dairy products; (2) biological functions and screening of probiotics; (3) identification and affecting mechanism of harmful bacteria in milk and dairy products; (4) microbial control methods and technology of milk and dairy products.

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Author Benefits

Open Access:— free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [FSTA](#), [AGRIS](#), [PubAg](#), and [other databases](#).

Journal Rank: [JCR - Q1 \(Food Science & Technology\)](#) / [CiteScore - Q1 \(Health Professions \(miscellaneous\)\)](#)
