Sustainable Food, Green Chemistry and Human Nutrition —GreenNutriFood 2025

Message from the Guest Editors

We are pleased to announce **GreenNutriFood 2025**—The 1st International Congress on Sustainable Food, Green Chemistry and Human Nutrition, hosted by the University of Zagreb and the Universitat de València. This event will be **held in the city of Dubrovnik (Srebreno), Croatia, from the 7th to the 9th of April 2025**. The Congress will focus on examining current challenges and emerging trends in the food sector, with a strong focus on food science and human nutrition as well as the use of green chemistry concepts, both in food processing and the circular economy. It aims to foster the development of innovative and sustainable processes that drive the transition towards resilient food systems, promoting food security and better nutrition, always considering the impact of green chemistry in the development of these processes. These efforts are closely aligned with the objectives of the European Green Deal and Sustainable Development Goals.

Guest Editors

Dr. Min Wang

Prof. Dr. Mladen Brnčić

Prof. Dr. Joaquim Calvo-Lerma

Deadline for manuscript submissions

31 December 2025

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Editor-in-Chief

Prof. Dr. Arun K. Bhunia

1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

2. Department of Comparative Pathobiology, Purdue University, West Lafayette, IN 47907, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
