

Special Issue

Advances in Biotechnologies and Process Technologies for the Beverage Industry

Message from the Guest Editors

This Special Issue of *Foods* delves into the processes and biotechnologies of the beverage industry. It examines innovative approaches to advancing the sector, highlighting the connection between biotechnologies and processes that enhance beverage quality. A key focus is on identifying and characterizing the effect of the applied biotechnologies on production processes, including their impact on beverage quality in terms of volatile and non-volatile chemical compounds, and how these compounds interact to shape the overall sensory experience. This special issue also explores the broader area of environmental sustainability, emphasizing the enhancement of production efficiency through innovative biotechnologies.

About the Journal

Message from the Editor-in-Chief

Foods (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

Editor-in-Chief

Prof. Dr. Arun K. Bhunia

1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

2. Department of Comparative Pathobiology, Purdue University, West Lafayette, IN 47907, USA

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
