

## Special Issue

# The Power of Food Bioactives: Chemistry, Innovation, and Health Benefits

### Message from the Guest Editors

The Special Issue 'The Power of Food Bioactives: Chemistry, Innovation, and Health Benefits' aims to explore the dynamic field of food bioactives, focusing on their chemical composition, innovative applications, and profound health impacts. This issue invites contributions from experts actively engaged in researching bioactive compounds present in foods, emphasizing their extraction techniques, molecular structures, and physiological roles. Topics will encompass novel methodologies for bioactive isolation, analytical approaches to characterize their chemical diversity, and bioactive ingredient-enriched innovative food formulations. Furthermore, the issue will highlight the potential health benefits of bioactive consumption, including their roles in disease prevention and health promotion. This Special Issue seeks to advance our understanding of food bioactives and their implications for human health by gathering state-of-the-art research and innovative perspectives.

### Guest Editors

Prof. Dr. Ruth Elizabeth Belmares Cerda

Functional Foods & Nutrition Group, Food Research Department,  
School of Chemistry, Autonomous University of Coahuila, Saltillo C.P.  
25280, Coahuila, Mexico

Prof. Dr. Mario Alberto Cruz-Hernández

Functional Foods & Nutrition Group, Food Science and Technology  
Department, Antonio Narro Autonomous Agrarian University, Saltillo  
C.P. 25315, Coahuila, Mexico

### Deadline for manuscript submissions

20 December 2025

## About the Journal

### Message from the Editor-in-Chief

*Foods* (ISSN 2304-8158) is an open access and peer reviewed scientific journal that publishes original articles, critical reviews, case reports, and short communications on food science. Articles are released monthly online, with unlimited free access. Currently, *Foods* has been indexed by the Science Citation Index Expanded (SCIE - Web of Science), PubMed, and Scopus. Our aim is to encourage scientists, researchers, and other food professionals to publish their experimental and theoretical results as much detail as possible. We therefore invite you to be one of our authors, and in doing so share your important research findings with the global food science community.

---

### Editor-in-Chief

Prof. Dr. Arun K. Bhunia

1. Department of Food Science, Purdue University, West Lafayette, IN 47907, USA

2. Department of Comparative Pathobiology, Purdue University, West Lafayette, IN 47907, USA

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, PMC, FSTA, AGRIS, PubAg, and other databases.

#### Journal Rank:

JCR - Q1 (Food Science and Technology) / CiteScore - Q1 (Health Professions (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 14.9 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2025).
